The Episcopal Cottage
at
Chautauque Institution

All have been impacted and hurt by the disease, dysfunction, and destruction of this broken world. All of us are in need of healing and restoration. Every intentional movement toward wholeness is connected to relationship, to spiritual friendship, and to the discovery of the beauty God has created within you, within your humanity, and within your community. Come and explore the triune God, not in some cathedral or stronghold of your own making, but in "the shack" of your pain. It is there that you will be confronted and comforted with the real relational truth of who God is and who you are.
